

Who Can Add Money to Your Oregon ABLÉ Savings Plan Account?

Once you're set up, the following people can add as little as \$5 to your account, any time:

You Can!

Set up regular payments or transfer money from your bank whenever you want (just remember, it has to be at least \$5 each time).

Your Friends and Family Can!

When you set up an online gifting page, friends and family can contribute to your account using a bank account. They can also contribute by mailing in a printed gifting form and check.

Ways to contribute:

You can contribute money via bank account transfer, paper check, and rollover from another ABLÉ plan. You can also set up payroll direct deposits, as well as direct deposits from SSA.
